*Please have a copy of your Utilities Commission bill on hand at the time of the audit for the UC's certified Energy Auditor, Stan DiBello. Call 386-427-1361 if you need to request a copy of your latest bill. Mr. DiBello will call you to schedule an appointment. Be sure to check for official UCNSB identification when he arrives.*

I, \_\_\_\_\_, am requesting a free energy audit. I understand I will be contacted by Mr. DiBello to schedule my audit after returning this signed form. I understand the audit will take approximately 1 hour and 30 minutes, and **I need to be present during the audit.** I know there will be a \$35 no-show fee on my next Utilities Commission bill if I am not present at the time I have scheduled to meet the Energy Rater. I understand there is a limit of one free energy audit per calendar year per service address.
